Definition

Bulky bedding selected of natural softwood fibers, sieved and dust elimination.

Product Objective

SAFE® Flake provide an easy to use, light product to facilitate cleaning cages.

This product is of special value for:

- small rodents to facilitate nest building;
- large animals, to for caging in a more comfortable environment (no dust).

Whole chips for elevated comfort.

Given its natural character, slight differences compared to the values listed below can happen.
